"REGAL DIADEME" UPHOLSTERY.

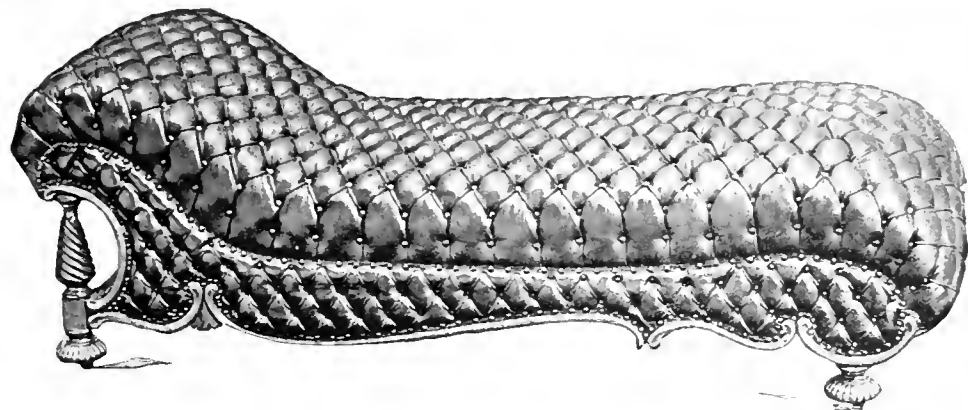

An Entirely New Method of Construction.

Our new method of Leather Upholstering is entirely different from anything heretofore attempted and eliminates all the objectionable features of the old style leather work. The springs and hair fillings are so secured that they cannot become misplaced and allow the work to fall in holes, nor will the fillings mat down and become hard and hollow; the Couch will therefore retain its shape and the leather will not wrinkle. Although there are over 700 deeply laid tufts, they are thoroughly dust-repellant and are as easy to clean as a smooth surface, and buttons will not pull out.

It is a most beautiful conception in tufted leather work, invested with an extraordinary individuality of style all its own; the perfection of neatness and almost indescribable richness, on which the eye rests with pleasure and astonishment. No quality argument could be too forceful and the most glowing description would be an inadequate portrayal of its beauty, elasticity and durability.

The above couch **No. 539** in finest Buffed Leather (dark olive green, maroon or apple green), hair fillings, Mahogany finished frame, all hand made. Size, 80 inches long, 30 inches wide, **\$65.00**

SAMPLES OF LEATHER SENT ON REQUEST.

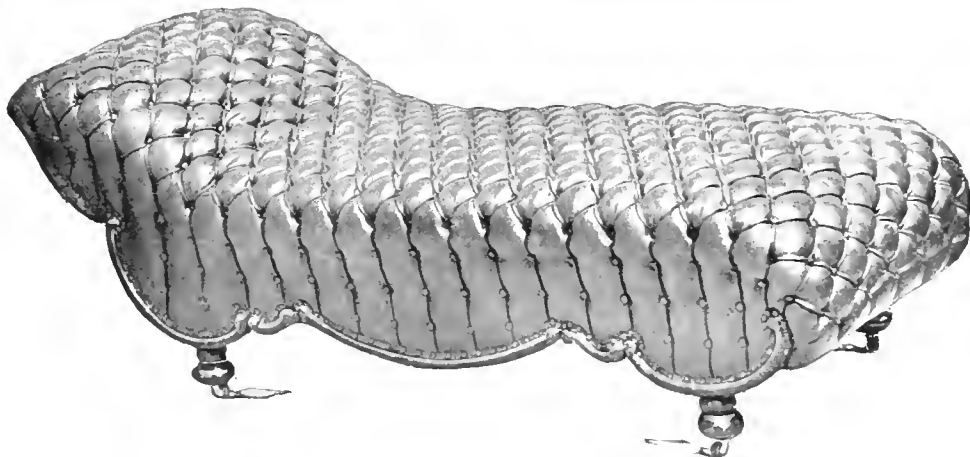

Leather Couch No. 618.

Regal Diademe construction. Best buffed olive green or maroon leather, hair fillings. Mahogany finished frame. 80 inches long, 30 inches wide \$55.00

The special advantages of **Regal Diademe Leather** construction are. The elasticity challenges comparison, buttons cannot pull out, excels all others for durability, tufts cannot open up and hold the dust, as easy to clean as a smooth surface. Will not break down or fall in holes, and leather will not wrinkle. The most handsome work ever made.

These descriptions may be unnecessary, except to dispel the quality-doubt that might arise when one noted the low prices. Each chair here represented is of the finest construction known and made of carefully selected wood, rubbed and polished by hand, great care being taken to show the natural grain of the wood to the best possible advantage. Antique Oak and Mahogany finish carried in stock and can be shipped at once; and we usually have them in Golden, Old English, and Flemish Oak, but we have listed these "to order" only as we wish to avoid any disappointment that might be caused by the delay of ten days required to make the three latter finishes.

The carvings are deep and skillfully made; spring seat and back upholstered in fine embossed leather, trimmed with large nails. Height of back, 25 inches; width between arms, 20 inches. In Antique Oak, or to order in Golden, Old English, or Flemish Oak **\$11.75**

No. 501. A desirable chair for small halls and reception rooms. A very unique design with prettily carved back. Height of back, 30½ inches; width of seat, 16 inches **\$3.75**

We pay the freight East of Mississippi River and to adjacent Western Points.

These descriptions may be unnecessary except to dispel the quality-doubt that might arise when one noted the low prices. Each chair here represented is of the finest construction known and made of carefully selected wood, rubbed and polished by hand, great care being taken to show the natural grain of the wood to the best possible advantage. Antique Oak and Mahogany finish carried in stock and can be shipped at once; and we usually have them in Golden, Old English and Flemish Oak, but we have listed these "to order" only, as we wish to avoid any disappointment that might be caused by the delay of ten days required to make the three latter finishes.

THE ROCKERS WITH THE EASY PITCH, COMFORTABLE BACKS AND SEATS.

No. 116. A genuine cobbler leather seat rocker, Mahogany, gloss finish on fine Birch wood, heavily embossed back, and large, roomy seat. Back, 27 inches high; width between arms, 18 inches. **\$2.85**

COMPLETE CATALOGUE OF REED SOFAS, DIVANS, ROCKERS, RECEPTION AND ROMAN CHAIRS, SENT ON REQUEST.

What Will I Give for Christmas.

Is a Worrysome Problem that Presents Itself Regularly Every Year.

If you were selecting a present for yourself would it not be some useful article and not a mere ornament?

It is reasonable to assume that your friend has feelings akin to your own, and will deeply appreciate your thoughtfulness if your Christmas present combines utility and beauty.

It is with a view of suggesting some article in Fine Furniture that we send you our Christmas Catalogue at this seasonable time.

WE ASK YOU TO CONSIDER OUR GOODS.

FIRST From an artistic-high-quality standpoint, for there are no better goods made no difference how high the retail price.

SECOND—From a financial or money saving basis; For we ship direct from factory, thus saving you the retail dealers profit.

THIRD—In selecting you must consult the likes and dislikes of your friend as you know them;

For after all is said and done, the sweet and secret esteem of the recipient is the aim of the giver.

Reed Furniture Company,  Indianapolis, Ind.

Christmas orders should be sent in before December 10, if possible, in order to insure prompt shipment.

The Passing of the Middle Man.

Food for thought for thinking people, who buy because the quality and style suits them, not because the prices are high.

The last ten years have brought about marvelous changes in the business world. The whole tendency has been toward concentration, and the bringing closer together the producer and the consumer. The passing of the middle man is an acknowledged fact. The new order of things is here, and it has come to stay. This idea of selling "direct from factory to user" may not find favor with the old timer, nor with the man doing business on old time theories; but the saving of the middleman's profit means cheaper goods to the people; the greatest good to the greatest number. An appeal to the pocket book interests everyone. We think we have said enough to at least throw a side light on the business situation.

Our goods are just as accessible to you as if you bought them nearer home, for in our catalogue we tell you in simple straightforward language, the bedrock facts about the quality of each article; the exact cost of the goods in your home, (for we pay the freight) and more, we guarantee it to be the best obtainable anywhere at the price we quote, to be returned at our expense if it is not thoroughly satisfactory, and your money will be refunded immediately. Takes extraordinary quality to stand such a broad guarantee.

Place yourself in our position, would you make such an offer if the goods would not back it up? No financially responsible person would,

Nearly everyone has a hobby and if we have a hobby, it's to see how fine every article can be made. Our joinery, finish, upholstery, in fact every part is correct even in the smallest detail; made as conscientiously as if made for our own use; we do not have to skimp quality to make little prices.

It is a noticeable fact that our designs are rich in their simplicity; nothing tawdry nor uncouth to offend the artistic eye; designs that especially appeal to people who have the taste to appreciate art in furniture.

In all of our upholstered Rockers, Chairs and Suits the quality of the coverings are in keeping with the frame. The cheap imitation Damasks and Brocateiles, although pleasing to the eye, we do not use. Our lowest priced goods is a fine grade of Domestic Silk Damask or Brocatelle, in fact they are so good that they are sold in many stores for imported grades. They are goods that will give long service, are very handsome and have harmoniously color-blended grounds and figures. Ground colors are in Blue, Brown, Golden Olive, Mahogany, Green, Ashes of Roses.

All the higher priced articles are covered with elegant grades of genuine tri-toned *Imported Silk Damask* in which the most beautiful weaving and color results are achieved. Ground colors in Cardinal, Green, Mahogany, Pea Green, Golden Brown, Golden Olive, Blue.

It is not often that you have the opportunity to buy so much or so good for so little money.

In fact we do not recall any instance where it was ever possible.

Economy is a great assistant to success.

You may pay more but you cannot get better goods.

For those who desire to be in closest touch with honest comfort we wish to introduce our Newest Creation in Sofa-bed perfection.

"The President."

To all appearances it is a **Luxurious Turkish Sofa** rich and elegant in contour, with a distinctiveness and individuality all its own, not even giving a hint of its threefold usefulness. But outward appearances are often deceptive, yet this bit of agreeable deception is welcomed by those who have to solve the worrisome problem of extra sleeping room which is often encountered in almost every home.

By simply loosening a catch

The back is lowered to a level with the seat, and supported by automatic legs; making a perfect Upholstered Spring Mattress 50 inches wide by 76 inches long, vying in quality and softness with our justly celebrated Bateman Turkish mattress which everybody knows is the highest perfection in rest-giving mattresses.

NOTE—We do not offer this sofa in price-competition with the usual grades of sofa beds of similar outward appearance. We can furnish them also at \$29.00, \$33.00 and \$37.00.

"The President" does not have an equal in quality, although our factory price for it is very little higher than the usual retail prices of ordinary kinds.

Six Advantages of The President Sofa-Bed-Wardrobe.

- a—Hygienic Detachable Cushions.
- b—Frame Portable and easy to handle
- c—Neutralized Aromatic Cedar-lined back and Wardrobe.
- d—Absolute Cleanliness and Luxurious Comfort
- e—The Highest Quality of Material and Workmanship.
- f—No Intricate Mechanism to get out of order.

No Quality-Argument Could be too Forceful. In its construction we have embodied every desirable feature demanded by the best trade, making it fine enough in quality and of such handsome design that it can be placed in the most stately position of the most formally furnished home.

The Frame is Portable. By removing one small bolt from each hinge the back can be removed from seat, making it possible for one person to take the sofa up a narrow stairway.

The Neutralized Aromatic Cedar Lining on back-frame is a new feature and unknown in any other sofa, making the entire sofa moth and vermin proof.

No. 404 In extra grades of Domestic Corduroy, Velour or Oxford Plush any color. **\$52.**

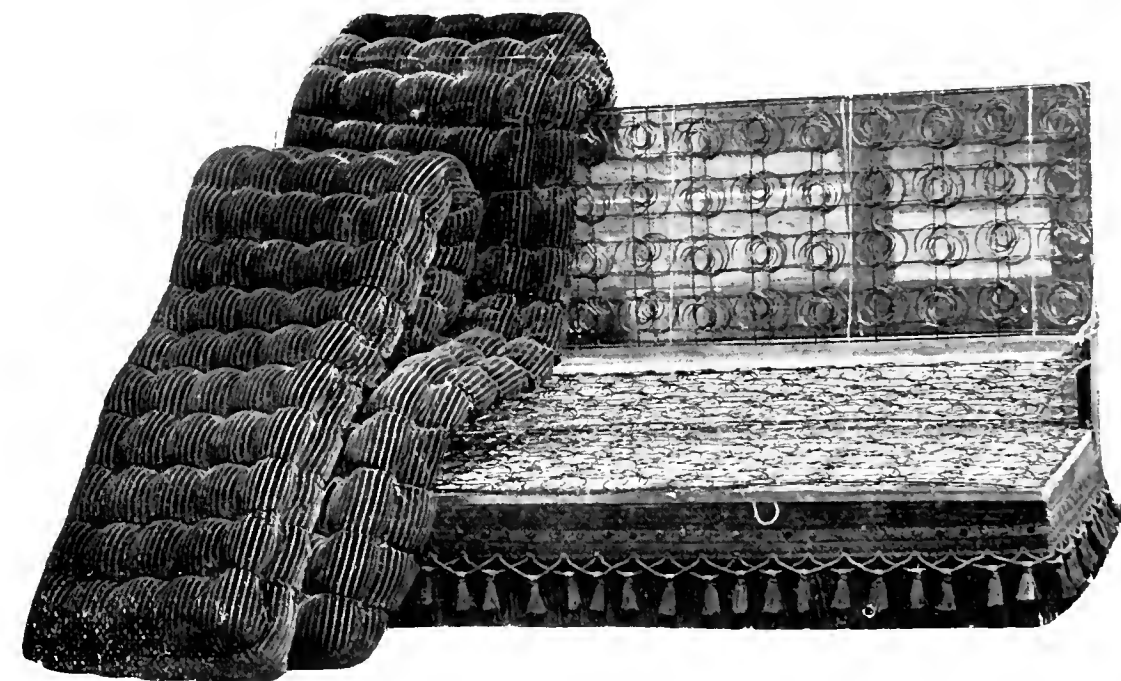

No. 405 In fine Imported Corduroy, or French Tapestry. **\$55.**

Also made without fringe at same price base being upholstered with goods same as the covering, laid in heavy plaits.

Down Pillow Size 24x24 covered in goods to match. Each extra **\$2.50.**

BENEATH THE SEAT—which is provided with self-raising springs and can be raised when the back is either up or down, is a **Roomy Wardrobe** 76 inches long, 26 inches wide and 7 inches deep, lined with neutralized aromatic cedar; making a most convenient receptacle for fine clothing and wraps, where they will not be rumpled nor creased and assuring absolute protection from moth.

The Detachable Cushions are a Meritorious Hygienic Feature. They are made with best curled hair tops laid on a layer of selected Southern moss, insuring the best upholstery construction for shapeliness, elasticity and cleanliness. The lower edges of cushions are provided with brass bound eyelets which securely fasten cushions to the frame by means of a small spiral device placed under seat and on outside back, so that cushions can be detached in one or two minutes and aired or laid in the sun; also giving free access to all parts of the springs and inside woodwork.

There Are Many Ways of Doing Business.

Some of them succeed and others do not.

The best business methods are the ones that succeed——

We mean, succeed "permanently," for temporary "success" may often be obtained by doing wrong.

A very poor salesman can sell goods to people who know what they want and are anxious to buy.

A good salesman can sell goods to people who hardly need them.

But *no* salesman can sell to people *who do not want* the goods and know it.

WE HAVE FURNITURE TO SELL.

Sometimes a man will give up his money without getting anything for it.

That's rare; It isn't safe to bank on it.

We tell you that our furniture is the best obtainable anywhere at the price we quote.

BUT THAT'S ONLY OUR WORD FOR IT.

Confidence is a great assistant to success. Our old customers continue to deal with us;

Not likely it is from either sentiment or friendship——

It's because it is to the interest of their pocket books——

Because they get more and better for their money than they can get elsewhere.

That's common-sense, that's cold business.

A dollar spent without getting an honest return for it looks big;

But \$25 spent for goods that are satisfactory in every way, is never regretted.

Many people appear to think that the quality of all furniture is alike.

A TALLOW CANDLE AND AN ELECTRIC ARC BOTH GIVE LIGHT.

But their difference is in the quality of the light.

There is good furniture and poorly made furniture. The latter we do not have.

BECAUSE WE GUARANTEE EVERY ARTICLE WE SELL to be the best obtainable anywhere at the price we quote; to be returned at our expense if for any cause it is not thoroughly satisfactory, and your money will be refunded immediately.

Takes extraordinary quality to stand such a broad guarantee.

We could not afford to run this risk if our goods were not everything we claim for them in quality and lower priced than you can get elsewhere.

PLACE YOURSELF IN OUR POSITION; Would you make such an offer if the quality and price of the goods would not back it up? No responsible person would.

A WORD TO THE WISE IS NOT SUFFICIENT. There are too many "humbugs" on the market; the wiser the people are the more words needed.

If you want to know about us inquire of The Merchants' National Bank, of this city, or Dun's or Bradstreet's, or any of our customers.

IF YOU HAVE ANY DOUBTS OF OUR ABILITY to furnish you the high quality goods that we promise at such low prices, send your order to us and the money to The Merchants' National Bank of this city, write instructions to the bank to pay us the money within five days after you receive the goods, and that you will notify them as soon as the goods are received.

Then if for any cause, you are not satisfied with your purchase, return the goods to us, and the bank will refund your money.

ISN'T THIS THE MOST LIBERAL OFFER YOU EVER RECEIVED?

If there are any chances to be taken we don't want our customers to take them; we'll do it.

IF YOU ARE IN THE MARKET FOR FURNITURE You want our furniture:

a:—*Because* the quality and styles are the best.

b:—*Because* the prices are lower than you can get elsewhere.

c:—*Because* we ship you new fresh goods "direct from the factory."

d:—*Because* you save both the jobbers' and retail dealers' profits.

e:—*Because* you know the exact cost of the goods in your home, no guess work about it, for we pay the freight east of the Mississippi and adjacent Western points and allow one-third of the freight to the extreme west.

f:—*Finally* and most important.

BECAUSE WE SAVE YOU MONEY.

We mean just what we say, and will do exactly as we promise.

If you desire any other information or illustrations of other goods we will cheerfully comply with your request, for——

WE ARE IN BUSINESS TO ACCOMMODATE YOU.

We assure you we will appreciate your kindness when you are acknowledging receipt of catalogue, if you will express your opinion of our goods, and——

May we not be favored with your order by return mail?
